PLANS FOR RED CROSS LAWN FETE

Great preparations are under way by the local Red Cross officials and members for the Lawn Fete and Tennis Exhibition to be on the grounds of Mrs. E. W. Camp and Mrs. W. J. Lawless on Saturday, October 27th for the benefit of the local chapter.

The people in Sierra Madre have exhibited an unbounded amount of enthusiasm to help make this event not only a local, but California-wide success.

Everyone on the committees has reached out to enlist the services and talent of different people who will help make it the success it should be.

The day's festivities will begin on Saturday morning at 10 o'clock on the grounds of Mrs. E. W. Camp of West Grand View. The president of the Red Cross Chapter, Mrs. M. D. Welsher, assisted by Mrs. Marie Watson, vice-president, Miss Edith Blumer, secretary, Mrs. Louis Dietz, treasurer, and other members will act as hostesses.

There will be booths where fruits, vegetables, cooked foods, candy, flowers and plants will be offered for sale.

A special feature of the Fete will be a Franco-Belgian Relief table where contributions of clothing and shoes, both new and partly worn will be received for adults and children in those war stricken countries.

Refreshments will be ready at 1 o'clock, in charge of Miss Florence Vannier who has so very successfully managed the Tea-room affairs.

Music under the leadership of Miss Lalla Fagge will enliven the affair the entire afternoon.

The Tennis exhibition on the court of Mrs. W. J. Lawless will begin about 2 o'clock. Through the efforts of Miss Edith Blumer who has this part of the program, the Sutton family of tennis players, consisting of Mrs. May Sutton Bundy, Mrs. Violet Sutton Doeg, Miss Florence Sutton, Mrs. Ethel Sutton Bruce, together with Miss Mary Browne and Mrs. Louise Williams will play a Round Robin tournament which promises many thrills. It will no doubt be the attraction for many Tennis devotees of Southern California.

The following committees are in charge of the various booths: Franco-Belgian Relief: Mrs. W. E. Walker and Mrs. J. T. Mason, Chairman; Mrs. J. A. Osgood, Mrs. J. G. Blumer, Mrs. G. H. Cornell, Mrs. Samuel Stork and Mrs. A. L. Jameson.

YOUR SUBSCRIPTION

Subscribers are reminded that a statement of their subscription account goes to them every week along with the address on their paper or wrapper.

Look at the figures following your name. Your subscription is paid up to the first of the month and year indicated there.

For instance, if the address imprint reads: John Jones—Oct'17, that means John Jones' subscription expired on the first of the current month.

Because the News was started in October, it so happens that a large majority of the subscriptions expire on the first of October or of November. Perhaps yours is one of these.

Look and see. Then do the needful!

Should anyone not have been solicited to contribute to any of the booths and wish to help the cause, they can communicate their desire to do so by telephoning the different chairmen.

Young Jimmy Dale

By Ellis Parker Butler

Young Jimmy Dale, across our street,
Is just a gawky lad;
He grew so fast, the doctors said,
His heart was mighty bad;

They wouldn't let him do much work
Or any hearty play
But, just the same, they drafted him
And Jim has gone away.

Jim was a sort of great, big kid
And fooling all the while
So, when they ordered him to camp,
He went there with a smile.

Jim Dale is in the army now,
Lank legs, bum heart and all,
To fight like other drafted men
That got the country's call.

God, yes! Jim's heart may drop him dead
Or he may live to be
Shot all to pieces "over there"—
What odds to you or me?

By thunder! it's these odds to you!
If kids like Jim can go,
With smiles, to fight our wars for us
We can put up the dough.

If we can buy a bond or two
And don't, while Jim, poor cuss,
Goes smiling off to death or wounds—
Then hell's too good for us!

PARENT-TEACHER SESSIONS BEGIN

First Meeting of the Year
At Kindergarten is
Well Attended

With a large attendance and keen interest, the Parent-Teachers Association held its first meeting on Wednesday afternoon in the Kindergarten building. Mrs. Vora Maull, the new president, presided, and an enjoyable program was given.

There was a vocal solo by Mrs. J. N. Hawks, a whistling solo by Miss Nina Kellogg, and a piano solo by Mrs. George B. Morgridge.

Prof. E. T. Pierce gave an address reviewing some of the interesting features of an educational career of unusual length. Mr. Walker, the new principal, was introduced and gave a brief talk which foreshadowed a year of unusually pleasant relations between teachers, parents and pupils.

At the close of the program delightful refreshments were served by the hostesses, Mmes. F. L. Merrill and W. A. Evans.

PORTRAIT ATTRACTS CRITICS' ATTENTION

The single example of the fine work of Miss Ella Shepard Bush shown at the exhibition of the California Art Club is attracting much favorable attention among art lovers and critics. It is a small portrait of Mrs. Stork, done with the miniature stroke, and has been given the title of "The Hostess." The art critic of the Examiner refers to it as one of the features which should not be missed. Antony Anderson writes in The Times:

"The only miniature in the exhibition is Ella Shepard Bush's 'The Hostess,' but this is delightful, refined in thought and execution, a gray haired lady gowned in white and seated behind silver and china tea things. The narrow black ribbon round the throat and knotted at the breast makes a pleasant accent in the delicate scheme, in which the background cupboard and wall take their place with absolute sureness."

The exhibition is now in progress in the Exposition Park gallery, Los Angeles, and will remain open the rest of the month.

FALL ACTIVITIES OF WOMAN'S CLUB

Program Monday — Halloween
Festival to be Held
November 2

The next meeting of the Sierra Madre Woman's Club will be held on Monday, and will be an especially interesting and instructing meeting in charge of Mrs. George Ferris.

Mrs. F. P. Bicknell of Los Angeles will give an illustrated talk on rare birds. Her lantern slides are said to be very wonderful.

Miss Nina Kellogg will give several whistling selections.

Mrs. Willowby Rodman will speak on the conservation of food. Mrs. Rodman is a prominent club woman of Los Angeles and the local club is very fortunate in being able to secure her for a talk.

Fall Festival

It has been decided by the board of directors to change the name of the "autumn fete" announced last week to "Halloween Festival." Owing to the numerous calls upon the time and energy of the people of Sierra Madre it was felt that it would not be possible to secure a creditable showing of flowers. Therefore the board decided to eliminate this feature of the event.

On the evening of Friday, Nov. 2, there will be a masquerade ball. Later in the evening a supper will be served. Menu for supper: Salad, coffee, ice cream and cake.

Prizes will be given to the lady and gentlemen wearing the most artistic costume, also to the two wearing the most grotesque costumes.

Net proceeds of the festival will be divided between the Woman's Club and the local Red-Cross chapter.

NEW SUNDAY NIGHT SERIES IS COMMENCED

Mr. Wilson began a series of lecture-sermons at the Congregational church Sunday night which promises a number of delightful treats for the people of Sierra Madre.

"You can deal with wood and iron, but you cannot deal with men successfully without love," he quoted Tolstoy as saying.

"Good will is the instrument of the Spiritual Democracy in cultivating the human plant. Expectation should displace condemnation in dealing with all who have sinned."

Dramatic Recital

Mr. Wilson gave a dramatic recital of three selections from "The Passing of the Third Floor Back" by Jerome K. Jerome, illustrating the method of The Stranger in the story (Christ) in dealing with as unpromising a lot of humanity as ever got together in a New York boarding house.

The selections included the Stranger's interview with Harry Larkcom, the young profligate, Wright, the old gambler, and Jape Samuels, the tricky Jew. He emphasized Samuels' remark in the epilogue, "You have always taken it for granted, sir, in all our conversations, that I was a fine fellow, in sympathy with fine ideals. But that is not what surprises me: it is to find—that you are right."

In offering this series of lecture-sermons to the community on "Voices of the Spiritual Democracy," illustrated by notable pieces of modern literature, Mr. Wilson does so with the conviction that patriotism and true religion are blood brothers: that the hope of the world is Democracy, reborn, vitalized, spiritualized. St. Augustine's "City of God," John's vision of "The New Jerusalem," and Jesus "Kingdom of God" must take form in an increasingly ideal world.

Armageddon is on! So one ought to be doing his bit, if not in Flanders, then in the home town, to build the new civilization. As some of the blue prints of the new world structure drawn by modern social and spiritual architects these studies are offered the Sierra Madre public for the near future:

The Gospel of the Spiritual Democracy—Good Will. "The Passing of the Third Floor Back," by Jerome K. Jerome.

The Enemies of the Spiritual Democracy—Sins. "The Widow of the Bye Street" by John Masefield.

Overcoming the Enemies of the Spiritual Democracy—Redemption. "Les Misérables" by Victor Hugo.

The Spiritual Democracy in Daily Life—Service. "The Calling of Dan Matthews" by Harold Bell Wright.

The Spiritual Democracy Making Things Over—Reform. "The Battle with the Slum" by Jacob Riis.

The Cost of the Spiritual Democracy—Sacrifice. "How Belgium Saved Europe," Charles Sarolea.

By-products of the Spiritual Democracy—Virtues. "The Servant in the House" by Charles Ran Kennedy.

The Fountain Head of the Spiritual Democracy—God. "God the Invisible King," by H. G. Wells.

Comradeship in the Spiritual Democracy—The Church. "The Inside of the Cup," by Winston Churchill.

BOND DRIVE ORGANIZED IN SIERRA MADRE

Systematic canvass of Sierra Madre for the sale of Liberty Bonds has been undertaken by a committee formed at the instance of Board of Trade officials. Something like \$11,000 in subscriptions have already been reported at the First National Bank. This does not include subscriptions made elsewhere by Sierra Madre people who found it expedient to buy their bonds where they have their business connections.

It is impossible to make any adequate estimate of the amount which could justly be allotted to Sierra Madre but the canvass will make certain that no one fails to have an opportunity to subscribe.

Districts Assigned

The following persons have been assigned definite territory in which to work: C. W. Forman, Arthur Johnson, Jr., C. J. Pegler, G. L. Kelly and E. D. Topping, C. F. Gray and G. B. Morgridge, A. N. Adams, W. S. Andrews and J. N. Hawks. One district has also been assigned to a committee of ladies, including Mmes. Saunders, F. C. Wright, Ferris and W. E. Walker. E. C. Carhart will assist in the same territory.

Bank Plan

The First National Bank of Sierra Madre has offered to assist persons who wish to buy bonds on more liberal installments than the government plan. The government plan calls for 2 per cent with application, 18 per cent on Nov. 15, 40 per cent on Dec. 15 and 40 per cent on Jan. 15. By the bank plan one can buy a bond of any denomination for practically ten per cent a month, spreading the payments to Aug. 1 of 1918.

WATER PROBLEM TO BE DISCUSSED

Civic League Meeting to be Addressed by City Trustees
Monday Evening

The next meeting of the Sierra Madre Civic League will be held in the Woman's Club house next Monday night, Oct. 22, at 8 o'clock.

The Board of City Trustees will be present at this meeting to lay before the people an outline of plans for future development of the water system. Every water user and tax payer should be on hand to learn what is in store for them.

The Civic League has been requested to take up the question of providing a Service Flag in honor of those boys who have left Sierra Madre to enter the service of their country. Come out and help this movement.

It is earnestly desired that there be a large attendance on Monday night. Come determined to join the League and to do your part for the betterment and the uplift of Sierra Madre.

POETICAL RECITAL IN BOOK FORM

Dr. McLaren is Author of New Work from the Paul Elder Press

Pasadena Star News—"Joan of Arc," a dramatic recital written by Dr. James Henry McLaren, well known in Sierra Madre, has just been issued in attractive book form by the Paul Elder Company of San Francisco. When the unquestioned poetic genius of Dr. McLaren becomes combined with the high class workmanship for which the Paul Elder Company is so widely known, one naturally expects a work of more than ordinary merit. And this book, comprising some ninety pages of blank verse, is indeed a work of art.

With a freshness and originality of thought, a strength and beauty of style that is captivating, the author has portrayed the life scenes, the thrilling experiences of the immortal Maid of Lorraine in form and expression so condensed and fascinating that one can only with difficulty lay down the book until he has read it to the end, and then he will turn back and read it all over again.

SLOAN PROMOTED TO SUPERVISOR

District Ranger Goes to The Cleveland National Forest

Thomas W. Sloan who has for several years been chief ranger in the Forest Service for this part of the Angeles Forest has been transferred to Banning. There he will undertake the duties of Supervisor of the Cleveland National Forest.

Mr. Sloan has been regarded as one of the best men in the service in Southern California. As a practical field man he has been vastly more valuable than a mere office trained man could be. He has many friends who will regret to see him leave this territory but who will be glad to see him advanced in the service.

W. V. Mendenhall will succeed Mr. Sloan as chief ranger with headquarters in the Federal building in Pasadena. Mr. Mendenhall has occupied various ranger stations in this district and has more recently been in charge of the San Fernando district where he is said to have made an excellent record.

The W. C. T. U. will meet in the Congregational Church Friday, Oct. 26, at 2:30 p.m.

SPECULATIVE SHORTAGE CAUSES HIGH PRICES

An incident which is being told in the wool trade may, perhaps, shed some light on the way in which prices increase when the fundamental value remains virtually unchanged, says the Christian Science Monitor. It may also illustrate how something akin to camouflage is utilized by business men to deceive even themselves into believing there is a shortage.

One dealer sold a consignment of wool at 61 cents a pound, and it was resold several times, each dealer making 10 cents a pound profit.

In the course of time, the merchant first referred to heard that a certain firm had an allotment of wool for sale, and asked the price. On being told that the present owner had purchased at \$1 a pound, and were willing to sell at \$1.25, the inquirer said, "All right, I'll take and send you a check. Where is the wool?" The answer came: "On the second floor of your own storage warehouse, where it has been ever since you sold it originally."

RECORDS WANTED FOR THE CAMPS

Have you a phonograph record you will give to help make life enjoyable for the boys in the training camps? The Army Y.M.C.A. wants it.

Mrs. Frank Wright attended a meeting of the state federation of Woman's Clubs this week in Los Angeles. Plans were made for the clubs to gather up these records, also checkers and check-boards.

If you can help, notify Mrs. Wright or take your contribution to the club house next Monday afternoon.

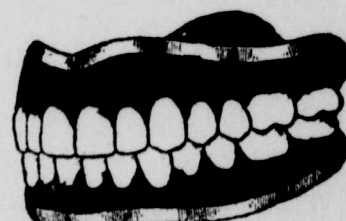

John Wire who has been visiting in Frankfort, Ill., several months, returned home on Wednesday.

YOUR CARD IS READY

One of the many advantages of being a Chamber of Commerce member was brought to light a few days ago, when cards were received from Los Angeles chamber for each of the members of the Sierra Madre Board of Trade, which, when signed by the secretary, will permit the bearer to avail himself of every comfort and courtesy extended to members of other chambers by the Los Angeles organization.

The card invites members of the Sierra Madre Board to meet friends at the chamber rooms, to check packages there free, to use the telephones, time tables and general information—in a word, to make the Los Angeles chamber their home while in the city. This means a great deal to the people of this district, as it is no easy matter to arrange a meeting place for business engagements.

Think of it. All of these courtesies are extended absolutely free to all accredited members of the Sierra Madre chamber. Isn't it another reason for becoming a member of the home chamber?

LECTURES PLANNEDProminent Speakers Secured for
Series of Talks on Some

Live Topics

Dr. J. H. McLaren of Pasadena who supplied the pulpit of the Congregational Church for several months last winter, delivered a very interesting address last night in the church on the topic: "The Golden Opportunity of the Church today."

Dwelling on the plastic state of the public mind in the present world crisis, Dr. McLaren emphasized the necessity for casting aside all dead weight in the form of sectarian and non-essential doctrinal differences. If the church is to go forward it must be on the broad path of brotherly love and service.

Dr. Lash Coming

This was the first of a series of addresses, free to the public, which has been arranged for Thursday nights at the church. Next week Rev. James H. Lash who has just been called from a nine-year pastorate at the Lake Ave., Congregational Church in Pasadena, to Hollywood, will be the speaker. He will deliver an address prepared by him for a Parent-Teacher Assn., of Pasadena on "The Unfolding of Youth." He is a convincing and forceful speaker.

These meetings begin at 7:30 and are open to the public. The addresses are to be thirty minutes in length. A bright song service opens the meeting.

Counsellors

Organization of a temporary Farm Bureau for Los Angeles County was effected at a meeting held recently in the assembly room of the U.S.C. College of Law. The meeting was called by the County Counsel of Defence, acting through its chairman, Gavin W. Craig.

This Farm Bureau organization is intended as a basis for the County Farm Advisor work as provided by a special act of congress. A resolution endorsing the plan to secure a county farm advisor and five associates for Los Angeles county was unanimously adopted.

Temporary officers were elected as follows:

President, P. F. Cogswell of El Monte; 1st V. P., Volney H. Craig of San Fernando; 2nd V. P., C. A. Griffith of Azusa; Secretary, W. S. Rosecrans of Gardena; Treasurer, R. R. McNees of Whittier.

The County Council of Defence was asked by resolution to appoint local committees all over the county to take the first steps toward the formation of local centers and to secure membership for a permanent farm bureau to carry on the work. The following were appointed for Sierra Madre, Monrovia, Duarte, Lamanda Park etc: N. W. Hamilton of Pasadena, Chairman; Walter Allen of Lamanda Park, J. H. Shrode of Monrovia, Lafayette Porter of Altadena, and W. W. Bacon of Duarte.

District Committee

The total expense to Los Angeles county yearly for the service of the Farm Advisor and his five assistants will be but \$7000. The balance of their salaries and expense being paid through the provisions of the federal law. It is apparent that the advice of expert horticulturists and agriculturists will be of incalculable value to the farmers throughout the county. The movement is reported as receiving enthusiastic endorsement in all parts of the county where it has been presented.

UNITARIAN PACIFICISM
ACCORDING TO TAFT

At the Montreal Unitarian conference Rev. John Haines Holmes, of New York city offered a report placing the church organization in an anomalous position in regard to the war, whereupon calling another member to the chair, Mr. Taft arose and said:

"I do not know," he began, "just what this report is supposed to represent."

"He paused, and the veins stood out in his neck as he proceeded: 'But if this report is supposed to express the opinion of this meeting, I ask that the rules of this meeting be suspended to permit me to offer a resolution.'

"This was unanimously passed, and Mr. Taft went on: 'As a literary effort, he fairly shouted, 'this report is beautiful, but as an expression, at this time, of the opinion of this body of churchmen, it is an insidious document.'

"Cheers greeted this declaration.

"Are we in favor of winning the war or are we not?" he went on in stentorian tones. "That is the question."

"From all over the house came shouts of 'Yes.'"

Mr. Taft then presented the following resolution which was adopted by a vote of 236 to 6:

"That it is the opinion of this Unitarian conference that this war must be carried to a successful issue to stamp out militarism in this world and that this Unitarian body approves the measures of President Wilson and Congress, restrictive as they may be, and that this resolution be sent to President Wilson and to the governor general and premier of Canada as expressive of the sentiment of this body."

RAISE SOME HONEY

FOR YOURSELF

If you think the price of sugar is high, you might emulate Messrs. Carhart, Davenes and other citizens and keep a bee.

A series of beekeepers' meetings will be held in California, under the direction of the State University and the State Beekeeper's Association. These are arranged to meet Dr. E. F. Phillips, chief of the division of apiculture of the U. S. Dept. of Agriculture. Dr. Phillips will be accompanied by Prof. Geo. A. Coleman, of the State University, Secretary M. C. Richter, of the State Beekeeper's Association, and others.

The first meeting will be at Ventura, October 24th; at Los Angeles (in Exposition Park hall at 10 a. m.) on Oct. 25th; San Diego, Oct. 27th; El Centro, Oct. 30th; Riverside, Nov. 1st; Fresno, Nov. 3rd; ending with the annual convention of the State Beekeeper's Association at Sacramento Nov. 5th and 6th.

Everyone interested in beekeeping or the production of honey is urged to attend as many as possible of these meetings.

HOW TO KILL OFF
ANY ORGANIZATION

1. Don't come to meetings.
2. If you do, come late.
3. If it is too wet, too dry, too hot, too cold, stay at home.
4. When you do come, be sure to find fault.
5. Don't do anything to help.
6. Don't take any part in meetings.
7. Try not to encourage the officers. They don't need it.
8. Believe everything you hear. Never investigate.
9. Don't pay your dues.
10. If you know of a tradesman who does not belong, use your influence to keep him from joining.
11. Consider that the organization is conducted for your benefit only.
12. If everything is running smoothly, start something.

EMPLOYEES URGED
TO BUY BONDSGas Company Heads Encourage
Helpers to Get Behind
The Soldiers

With a view of encouraging the sale of Liberty Bonds to employees of the Southern Counties Gas Co., W. S. McFarland, secretary, and F. S. Wade, superintendent of operation, visited the Sierra Madre and Monrovia district this week. A meeting was held at the Monrovia gas office on Tuesday noon when employees assembled to hear the two speakers.

"The plan of our company," said Secretary McFarland, "is to offer every one of our employees an opportunity of buying the Second Liberty Loan Bonds on a small payment down and with a similar payment each month. Every bond purchased adds just that much more to the support of our forces both at home and abroad. Our employees may buy the bonds on easy terms, paying on the \$50.00 bond, \$5.00 down and the same amount monthly or on the \$100.00 bond, \$10.00 down and the same amount monthly. In order to assure ourselves that the issue will be fully subscribed every individual should get behind the bonds."

RED CROSS NOTES

The annual membership of the local Red Cross Chapter has reached 497. It is hoped that the 500 sign can be hung up on the day of the Lawn Fete and Tennis Exhibition, Saturday October 27th.

The annual election of officers occurs on Wednesday afternoon, October 24 at 3 p. m. All paid up members are entitled to vote.

The Tuesday afternoon Social Tea will be held as usual next week.

THAT TROUBLESOME GOLDEN RULE

The conscientious objector who refuses to bear arms against his fellow men usually bases his objection on the Golden Rule, or on the command, "Thou shalt not kill," which gains its force largely from the "Do unto others." Very good. Follow it a little further.

Either the Huns are right and the majority of the majority of the world is wrong, or vice versa. Autocracy and democracy are so sharply divided that there is no middle or neutral ground.

Now try to apply the Golden Rule to both sides in this conflict. Remember you are dealing with a power which will listen to no argument but force. If you were on the side of the Kaiser you would wish to be let alone so you could conquer the world, not for democracy but for autocratic exploitation. The Allies want to defeat the Central Powers, not to exploit them or put them under subjection, but to be able to dictate terms of peace which shall be proof against another war like this one.

Obviously no application of the Golden Rule can be invented which will suit both sides. The only way out is to decide which side gives the best promise of a world application of the Golden Rule in the event of victory. Then get into the game for all you are worth.

If you can fight—fight! If you can't fight, help feed and clothe the fighters. Buy a Liberty bond—or knit! That application of the Golden Rule will stand every test.

GOING, GOING, GONE!

From the way some people haggle over the price of a little job of printing it is a good bet they would lie on a sick bed with a doctor and an undertaker in the room and employ the one who put in the lowest bid.

SOLVING THE IDLE LAND PROBLEM

California has about 28,000,000 acres of land suitable for cultivation. Of this land 16,000,000 acres are withheld from use, largely by people holding it for speculative purposes. More than half the tillable land in Los Angeles county is similarly idle. After a while economic pressure will force the rest of the human race to pay fancy prices for that land—or go without the food which can be raised on it. The owners do nothing to cause that increase in value. Therein is the answer to the food question and the war revenue question—put a tax penalty on idle land that will force it into productive use.

The ratio of idle to usefully employed land holds good in Sierra Madre. But Sierra Madre has gone a long way toward solving the land question—with a resolution that it is better to plow under the weeds on vacant lots rather than burn them. At any rate, when we have a land tax that forces that idle land into cultivation, the fertilizing value of the weeds will have been saved.

NOT YET

The News has been asked to publish statements that several different men were "mentioned" as possible successors to Supervisor Hamilton, in case the effort to unseat him is successful. No thanks. Mr. Hamilton is not yet out of office. It is admitted that the charges are purely technical. It is not even charged that Mr. Hamilton has gained anything or the county has lost anything. Under the circumstances, newspaper discussion of a successor while the court proceedings are pending seems in poor taste, to say the least.

HARD TO PLEASE

When the Rominger Bill was under consideration at Sacramento the "wets" employed lobbyists to explain to the law-makers that the people have the remedies of the Wyllie Local Option Law and of the Initiative against the liquor traffic, and for that reason the Rominger Bill was unnecessary.

And now the liquor interests in objecting to campaigns against the saloons are putting forth the argument that the Rominger Bill will be ratified by the people at the polls next November, and for that reason it is unnecessary to proceed under the Wyllie Local Option Law or through the Initiative to close the saloons.

It is very difficult to hit upon a method of saloon-closing which will suit the booze interests.

FORTUNES WASTED IN SCHOOL BONDS

That fortunes in taxpayers' money are being frittered away as interest on school bonds issued needlessly, or on ill-conceived plans, is the argument made in the latest number of the California Taxpayers' Journal. The argument is backed by an enlightening and intensely interesting array of facts and figures.

"It is vastly important," says the Journal, "that we comply with the evolving educational requirements of our advancing age. But it is of like importance that in providing money for improvements and new construction we adhere to sound economic principles. It falls not short of

fully for our schools to teach thrift and efficiency while housed, as so many of them are, in buildings so wastefully financed as to stand as monuments to public profligacy and unwisdom."

As the result of a thorough analysis of the subject of school bonds, the Journal, speaking for the Taxpayers' Association of California, offers as its major recommendation that schools be constructed out of the proceeds of tax levies rather than from the proceeds of bond issues. The text of the article makes it apparent, by ample citations of figures, that building by taxation is far the less burdensome and infinitely the more economical method.
